July 1, 2010

On May 28, 2010, Governor Linda Lingle signed into law Act 152, which establishes the Energy Industry Information Reporting Act ("EIIRA") and repeals the Petroleum Industry Monitoring, Analysis and Reporting ("PIMAR") Program, effective July 1, 2010. The EIIRA will require refiners and distributors to report monthly to the Research and Economic Analysis Division of the [Department of Business, Economic Development, and Tourism](#). The final published weekly report is for the period ending May 9, 2010.

Act 152, however, does not affect the statutory requirements under Hawaii Revised Statutes ("HRS") § 486J-2. As a result, every distributor, as defined in HRS § 486J-1, and any person before becoming a distributor, shall continue to register with the Commission. Each distributor shall submit an updated registration form to the Commission annually, beginning July 1, 2010. The [registration form](#) is available on the Commission's website.

This PIMAR portion of the Commission's website is intended to provide historical information regarding the PIMAR Program. Please contact us if you have questions, suggestions or comments. Mahalo.
