**Subject:** [EXTERNAL] Re: Young Bros. Request: Tariff Change

Aloha Once Again,

I received a very disturbing phone call this morning from a concerned YB Employee. YB Management has conveyed to them that shippers LCL shipping devises will need to be removed as our industry will only be using 20' and 40' containers and there is no space for them. I feel Our industry is now in a war with YB or at the least we are on the bad side of a bully! This attitude needs to cease and desist by Young Brothers. I have been personally bullied by a YB Employee and have had to have an advocate get it stopped. Our "industry leaders" (the ones YB considers leaders) have not advocated for the "Small Shippers" from day one for the rate increase, January 2020 Proposals, which triggered more informal complaints this commission had to convene special meetings for, to resolve and now all the COVID19 Shipping changes YB has and is trying to request. As I stated in my previous email we will be done if they accomplish their end goal to get rid of the "LITTLE GUY'S".

FACT: Our state is not a small business friendly state.  
FACT: YB is a MONOPOLY  
FACT: YB is a PUC governed company  
FACT: This Commission is compelled to follow the Fair Trade laws pertaining to the operation of this monopolized company.  
FACT: Our Industry has never been so mistreated by YOUNG BROS in the last year than in their whole 117 Years of business.  
FACT: Our Industry has always complied to whatever mandate, criteria or rules YB has given us, at our own expense for the SAFETY of our livestock.  
FACT: YB, in the last year has done nothing to help our industry concerning the SAFETY of our livestock as all issues have been due to YB's negligence. Dropping livestock off of forklifts to shipping a load of cattle as an empty container when it was booked as a full shipment.  
FACT: If the Commision doesn't stop this Big Bully Company from "Hamstringing" our industry it proves the first FACT.

PLEASE HELP!!!!!!

Kea Among  
Advocate for the "LITTLE GUY"
