To Whom it May Concern:

I am sending this email to oppose Young Brothers schedule to scale back its services to certain ports. I live on Maui and any services that may decrease cargo being shipped to Kahului is a detriment to our county as well business and local people. My dad was born on Molokai and I have ohana that lives on Molokai, they need to be serviced. Cutting back on essential services to Molokai can drastically effect its people. One time a week is NOT enough! This is not the time for YB to be shortening their shipping services. I cannot speak for other ports in Hawaii, but I am sure most people will agree that this is NOT the time to cut down on its current sailing schedule. I consider this an ESSENTIAL service and I OPPOSE this request. I hope that you consider my written testimony on this most important matter.

Mahalo for time.
