Comment
I am opposed to the request from YB to lessen their sailings. My opposition is based on the belief that their position was not communicated to Livestock people working on Maui. I would suggest that a schedule to accommodate our livestock people be solidified before YB be allowed to cut back on deliveries. I understand the need to cut back, but better communication could eliminate a major problem for our livestock people. We especially need to work with livestock people as processing plants throughout the country are shutting down. Thank you
