I am sending this email to oppose Young Brothers schedule to scale back its services to certain ports.

I live on Maui and any services that may decrease cargo being shipped to Kahului is a detriment to our county as well business and local people.

I have family on Molokai, they need to be serviced especially in the covid crisis situation we find ourselves in. Cutting back on essential services to Molokai can have a detrimental effect Molokai'i.

This is not the time for YB to be shortening their shipping services, and with the drop in fuel prices one would think that adding an additional day of service to Molokai would best serve this community and great PR for YB.
