Dear Sir:

This is in reference to the May 26,2020 letter from Young Brothers requesting that less than container size loads be cancelled. This is a service that is used by both businesses, farmers and consumers (people like me). Air shipment would probably be prohibitive for the kinds of larger items I ship, on occasion, via Young Brothers. I also believe that approving such a request would violate their role as a utility as their role is to service the needs of the neighbor islands and such a cancellation would certainly mean that they are not servicing the neighbor islands.

Sincerely
Jim Mayfield
